**APRIL IS NATIONAL CHILD ABUSE
PREVENTION MONTH**

There are a variety of reasons for maintaining appropriate boundaries. Personal boundaries are critical for self-care and promoting mental and emotional health. We set them to protect ourselves. When we are involved within an organization, there are expectations of appropriate behavior within relationships and interactions. Most people have good intentions, but this does not always equal appropriate behavior. We need to be mindful of our own behavior that reflects our boundaries, the perception and possible impact of our behavior, the expectations within an organization, what boundary violations look like, and how to communicate concerns.

Existen diversas razones para mantener límites apropiados. Los límites personales son fundamentales para el bienestar propio, y para promover la salud mental y emocional. Los establecemos para protegernos a nosotros mismos. Cuando estamos en una organización, existen expectativas de comportamiento adecuado en el marco de las relaciones e interacciones. La mayoría de las personas tiene buenas intenciones, pero esto no siempre es sinónimo de un comportamiento adecuado. Tenemos que estar conscientes de que nuestro propio comportamiento refleje nuestros límites; de la percepción y el posible impacto de nuestro comportamiento; de las expectativas dentro de una organización; de qué aspecto tienen las violaciones de los límites; y de cómo comunicar las inquietudes.
